- | <u>Level of Risk</u> | <u>Description</u> |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| Real (5) | Restricted access to capacities; the ability is consistently unavailable and individuals are subjected to mistakes and errors in judgment. |
| Conditional (4) | Limited access to capacities; actual conditions will increase the potential for mistakes and restrict decision making processes. |
| Situational (3) | Good ability to utilize capacities; especially in well-defined areas, but when under stress there may be interference with decision making. |
| Low (1 or 2) | Excellent ability to utilize capacities and translate the talent into decisions; reduces the potential for errors and mistakes. |
