

# Whatever else you forget - don't forget to check that your workers have the right to work in the UK!

With unlimited fines and 2 year jail sentences for employing illegal workers it has never been more important to carry out pre-employment screening checks. Forgetting to do the checks will be no defence and so why not let Agenda take the guess work out of those hiring decisions?

Effective background screening reduces the risks of theft and fraud, reduces staff turnover and ensures that your new hires have the skills and background that they claim to have. Our highly experienced team of desk top researchers and security analysts headed by ex-police and ex-military personnel and so there is nobody better to look after your interests.

With a responsive, cost effective and quality screening costing less than £40 it is a small price to pay for peace of mind. **Want to find out more?** Contact us **Today**.
